

**BEHAVIOUR INNOVATIONS**  
**Now Hiring for: Part time Junior Facilitator**  
**Location: Brantford, ON**

**Behaviour Innovations** is a private agency that provides ABA services to children and young adults with autism and their families within home based and center based programs. In addition to therapeutic services, BI also provides training and consultation to families, professionals, organizations, public/private schools, and residential care facilities.

**Duties/Activities**

- The junior facilitator will provide direct intervention to children with autism in a *home-based* program based on ABA principles, collect and graph data, as well as follow behaviour protocols as outlined by Behaviour Innovations.
- The junior facilitator will assist clients in developing skills in a wide range of areas (ie. academic, language, social skills, self help/self care, fine motor and gross motor, etc)
- Certification in Non violent crisis intervention and training in ABA will be provided.
- Sessions are approximately 3 hours long (schedules are consistent days and times each week) per client. Days, evenings and weekends are available.

**Qualifications:**

- Post Secondary education in Psychology, Behavioural Sciences or equivalent or near completion of such degree OR CYW, SSW, PSW, or DSW diploma
- Excellent communication, analytical and problem-solving skills, strong organization abilities. Self motivated, high energy and enthusiastic individuals are preferred
- Experience working with special needs children and experience implementing ABA/IBI an asset
- Updated vulnerable sector screening is required
- Access to vehicle as some travel may be necessary
